Greetings and Hello,

There's nothing quite like it!

Not on the North American continent, or any other continent!

No, not even in Wales!

I'm referring of course to the National Gymanfa Ganu of North America!

Why we call it a "National" Gymanfa, I don't know, because it is in all respects and aspects an "International" event! It encompasses Canada, the United States and Wales.

Indeed it is truly international its in roots, nature and program and spirit!

And it's ours!

ours to enjoy,

ours to foster,

ours to support.

To these ends, I am inviting you to become a part of the absolutely fabulous Gymanfa weekend which has been prepared for you at Columbus this year!

Every year, the program seems to become more generous in its offering, and this year the Columbus committee, under the leadership of Mary Ellen Morgan has accomplished an unbelievable mission - to create a program of events which has something for everyone!

Whatever tickles your fancy, if you can't find it in the program, you should seriously contemplate new glasses!!! (Welsh Canadian humour?!!)

When I first saw the program of events, I could only exclaim, "Wow!"

I have no doubt that the Columbus Gymanfa will indeed "wow" us all!

I can honestly tell you that the members of the board of trustees of the National Gymanfa Ganu Association are thrilled with the Columbus program, and endorse my warm and sincere invitation to you to join us at Columbus this year.

Yr eiddoch yn gywir,

Rev. Dr. R. Cerwyn Davies
WNNGA President.
