

HOW IT ALL STARTED

The Cowbridge Art Society has been in being only since the early months of the year. Its creation sprung from the desire of a handful of enthusiasts, led by Mr. & Mrs. David Muir and Mr. & Mrs. James White, to start an art school in the town of Cowbridge. The school, which the devoted and most energetic members of the Society have since then been working to establish, has now become a reality. The members of the Society are proud to announce that the first annual exhibition will be held on the 18th, 20th, 21st and 22nd November, 1961.

COWBRIDGE ART SOCIETY

FIRST ANNUAL

EXHIBITION

68. MARY GREGORY Seascape	Water colour
69. NINA THOMAS Beau Pre	Water colour
70. HAROLD VEALE Old Building, Llantwit Major	Charcoal

HOW IT ALL STARTED

The Cowbridge Art Society has been in being only since the months of the year. Its creation sprang from the desire of a group of enthusiasts, led by Mr. & Mrs. David Muir and Mr. Denis Ward, who persuaded the University to start an optional course of study in art appreciation at the Girls' High School.

Under the cheerful and most competent guidance of Mr. Denis White and his talented wife, these classes proved an immense success and from them immediately sprang a virile and artistic society. The number interested was in fact so great that membership had to be restricted. Now we have (at least temporarily) premises we can call our own at the Wesley Chapel bar on membership has been removed. Anyone interested therefore contact one of the secretaries named elsewhere.

When Mr. White first suggested an exhibition of the work of artists, there was a tendency to regard it as a somewhat over-ambitious and premature project. But he has been proved right and the idea was given a tremendous fillip by the presentation of a painting by our Chairman, Mr. David Muir.

Entries for the exhibition have exceeded all expectations and it is hoped that all who view them will derive pleasure from the wide range of talent and subject presented.

An ambitious and very comprehensive programme is being planned for the future which it is felt certain will provide a wide range of interest for all those attracted to the visual arts.
