this letter.*

Mr. Jack Meadows
Southern Boulevard
YOUNGSTOWN, Ohio 44512

Dear Jack:

I do hope you will not mind my questioning the function (relative to the Registration Committee) of the enclosed card, a few thousand of which have been sent to us.

I am advised that we have to fill in these cards and when I inquired why the answer given was that this had always been done. I do not think this is an acceptable reason and I would like to know a little more about the function of these cards.

It appears to me that the source of information for these cards is from the registration forms. Being an accountant, thoroughly concerned with systems and cost cutting this seems to be a complete duplication of information since it is my intention to send all the registration forms to you after the Gymanfa in order that you may update your records. In addition the registration committee is unable to indicate the status of the participant i.e. whether a member, visitor etc. Further the registration forms frequently give the name of one person who has indicated that he or she will be bringing three or four people. In short there is, at this stage a very incomplete list of visitors.

I am also advised that these cards will have to be completed before the festivities begin. I will make the following comments:

- i) Why? When it is not the intention of the Registration Committee to make reference to them. The registration form is the only reference we require.
- ii) The list would be incomplete as stated above.
- iii) The committee is already hard pressed doing the necessary work to register and cross reference all participants without resorting to the unnecessary.

I would value your reply and comments because at the moment I must confess that the presence of these cards as a source of information would appear to be an over sophistication of the information already appearing on the registration forms.

Hope you are keeping well.

Regards,

Harry

July 9th 1980

Mr Harry Jones
W. 50th Ave
Vancouver B.C.
Canada. V6P-1A5.

Dear Harry.

First, the card you inserted is very good, I like it very much, as the town and year stand out also it fits my files.

Now, I hope I understand your inquiry- Harry, the registration card you sent is to be given to each person who comes to register and completed by that person, then handed to one of the girls who does the typing of the badges which are worn on their lapel, then if you have enough help they are placed in alphabetical order there by saving a lot of time later on, also gives you a quick check if some one is inquiring about an individual whether they are registered or not.

Registration will be impossible to complete before the festivities begin, as registration ~~gymnast~~ continues right up to the Sunday evening session, as no one should be allowed in until they register.

Your last paragraph has me a little confused when you say--Quote, to be an over sophistication of information already appearing on the registration forms, and of quote- do you have other forms other than pre-registration ones?

Harry, as I stated when we met the National body does not interfere as to the extent of telling you--that you must do it our way, the simpler and most efficient the better. I know its in very capable hands, so Harry do what you think best, and I'm sure every thing will work out OK.

Wishing you and all the committies the very best,

Sincerely

Jack Meadows.
