

BERNIE DAVIES

BUSINESS & ENTERPRISE

HERITAGE

Born in Jamaica “under the clock” at Jubilee Hospital in Kingston, Bernie Davies grew up in a family where discipline and achievement were expected.

Her parents shaped her ambition, but her mother’s most powerful lesson was simple: know yourself.

Understanding who you are, she learned early, is the foundation for everything that follows.

WALES MEANS...

EVERYTHING

Bernie chose Wales after visiting and feeling an immediate pull to the country.

She built her life here, married a Welsh husband, and raised her family in Wales.

Looking back, she says it felt as if “there was a Bernie-shaped hole in Wales that I just slotted into.”

CONTRIBUTION

Award-winning diversity and entrepreneurship leader, bestselling author, and TEDx speaker.

Bernie built legal teams through relationships and later taught organisations across Wales how connection grows business and community.

A domestic abuse survivor, her work is grounded in resilience and one belief - people don’t care what you do, they care who you are.

STRENGTHS & JOY

Connecting with people comes naturally. Bernie’s voice and intuition help others feel seen and valued.

“DON’T WORRY TOO MUCH ABOUT WHAT PEOPLE THINK ABOUT YOU. SPEND YOUR TIME LOVING YOURSELF AND SURROUNDING YOURSELF WITH PEOPLE WHO LOVE YOU. 💕”
