

Y CORWIG - THE CORACLE

Yr Ise Hir - Long sticks go top to bottom and weave in and out of the cross pieces

Y Sedd - the seat of the Coracle. It has another purpose: the **Astell Orlais** forms the box behind the seat which is where the caught fish is kept.

Y Croen - The skin of the Coracle, use to made out of the hide of animals but is now made out of flannel or fibre glass and is covered in tar.

Yr Ise Croes - cross members of wood that are weaved in and out of the longer pieces.

Y Goron - the crown of the boat, where the sticks cross - strongest part of the boat.

Y Fferiad - the hitting stick, - known as **The Knocker** and also known as **The Priest**. It is used to hit the fish once caught.

Y Blethwaith/Gwall - the weave of willow that goes around the
