President's Foreword

Rhagair y Llywydd

When international conflicts dominate the headlines as they have in 1982 and when the Research Consultant of the Centre can call his latest paper "The Fiasco of Detente", it is more important than ever for the Centre to continue and develop its work for international peace and understanding, and for the people of Wales to be seen to be making their contribution to that end.

We have covered in the past year major world issues such as those of disarmament and development as well as raising over £30,000 for UNICEF during the International Year of Disabled People.

Amongst young people, over 140 international volunteers from many countries came to Wales to work on social service projects, while CEWC-Cymru are to be especially congratulated in having their syllabus on World Development Education (the first of its kind in the United Kingdom) accepted by the Welsh Joint Education Committee.

May I once again express my personal thanks for the continued backing of members of the Standing Conference, including local authorities, whose support has been outstanding, the secretarial staff and all those other supporters who have made such valued contributions to our work.

Pan fydd gwrthdaro rhyngwladol yn llenwi'r penawdau fel y gwelwyd ym 1982 a phan all Ymgynghorydd Ymchwil y Ganolfan alw ei bapur diweddaraf yn "The Fiasco of Detente", mae'n bwysicach nag erioed i'r Ganolfan barhau a datblygu ei gwaith dros heddwch a dealltwriaeth ryngwladol, ac i'r byd weld bod pobl Cymru'n gwneud eu cyfraniad yn y cyfeiriad hwnnw.

Yn ystod y flwyddyn ddiwethaf buom yn ymdrin â materion mawr y byd megis diarfogi a datblygu, yn ogystal â chodi dros £30,000 i UNICEF yn ystod Blwyddyn Ryngwladol yr Anabl.

Ymhlith pobl infanc, daeth dros 140 o wirfoddolwyr rhyngwladol o lawer gwlad i Gymru i weithio ar gynlluniau gwasanaeth cymdeithasol, a rhaid canmol CEWC-Cymru yn arbennig am i Gyd-Bwyllgor Addysg Cymru dderbyn eu maes llafur ar Addysg Datblygiad y Byd, sef y cyntaf o'r fath yn y Deyrnas Gyfunol.

Hoffwn eto fynegi fy niolch personol am gefnogaeth barhaus y Gynhadledd Sefydlog, gan gynnwys awdurdodau lleol, am eu cymorth eithriadol; hefyd i'm cydswyddogion, aelodau o Bwyllgorau'r Ganolfan, y staff ysgrifenyddol a'r holl gefnogwyr eraill hynny sudd wedi cyfrannu mewn ffordd mor werthfawr at ein gwaith.

Message from the Speaker of the House of Commons

The people of Wales have proved their stalwart support for the aims of the United Nations. The Welsh Centre for International Affairs, in particular, has been the means of encouraging debate on great international affairs. Through this Centre the people of Wales are able to be well informed on world issues.

A vital part of our Parliamentary democracy is the active work undertaken by such organisations as the Welsh Centre for International Affairs. In order to bring influence to bear upon all the political parties in the Realm, it is essential for people to be able to acquire the necessary information about such matters as nuclear power, human rights and the needs of the Third World, etc.

The future is safe only if human kind is inspired by the right priorities.

So far as I am concerned, the Welsh Centre for International Affairs, is above all responsible for helping all of us to get our values right and thus to make our own contribution to ensuring a fairer world.

George Thomas

For the first time U.N.A. Wales sent a volunteer to Lesotho to take part in their summer workcamp programme.

Tenth Anniversary Appeal

An Appeals Sub-Committee was set up after the 1979 Annual Meeting to establish a capital base for the Centre of £250,000 to produce an income at a level which would secure more soundly the work of the Centre during the 1980's.

It was pointed out that the proportion of *assured* annual income through interest on investments was only some 25% of expenditure. So the staff had to spend an undue proportion of time in fund-raising at the expense of furthering the objectives of the Centre itself.

The Sub-Committee has set the raising of the final £100,000 as its target by the 1983 10th Anniversary Meeting. Mr. Aubrey Jones, Managing Director, Welsh Brewers Ltd, has kindly agreed to Chair the South Wales Committee with a target of £70,000. Mr. Gerry McMorran kindly served as Hon Project Director until August 1982 when he moved to N. Ireland.

Finance

Excluding special designated funds of £1634, £138,212 was held in the UNA (Welsh Centre) Trust at the close of its financial year on 31 December, 1981. Interest of some £17,500 helped to meet some of the core costs of the Centre so far as its charitable activities were concerned. While such reserves may seem at first sight healthy, the interest represents virtually all the assured income that the Trust has. If grants which are usually made on an annual basis were to cease, the lack of such reserves would mean the dismemberment of the Centre.

Each member organisation of the Co-ordinating Committee makes a contribution of £25 annually to the Welsh Centre for International Affairs account, which at 31 August, 1982 stood at £480.87 after a loan of £5,000 to the UNA (Welsh Centre) Trust. A proportion of the costs of the Annual Report was met from this account. For information there is appended a summary of the Trust Accounts.

LEGACIES AND GIFTS

Gifts made more than one year before death to a Charity are exempt from Capital Transfer Tax. In addition, legacies by will and gifts made within one year of death are exempt from such tax up to a maximum of £250,000.

Anyone kindly minded to benefit the Trust in this way should seek the advice of his or her solicitor on the substantial benefits involved.

COVENANTS

The Finance Act 1980 made new provisions with regard to gifts to charities in the form of a deed of covenant. Individuals can, in addition to receiving income tax relief at the basic rate of 30% obtain relief at higher rates of income tax which they may be paying and the investment income surcharge in respect of payments made on or after 6 April 1981. The amount relieved against the higher rates of income tax and investment income surcharge is limited to a maximum of £3,000 per annum. Your accountant would clarify any difficulties.

Legacies and covenants should be made payable to UNA (Welsh Centre) Trust, Charity Number 259701.

UN International Year of Disabled People

Donations continued to be received during the first half of 1982 for the special project for the work of the UN Children's Fund (UNICEF) in the Sudan, where there are seven and a half million children, of whom one in four will not see his or her first birthday.

When the project was closed, over £30,000 had been raised - an excellent effort.

A very sincere thanks is extended to all who participated in the project. UNICEF has estimated that £50 saves the life of a child. On that basis, over 600 children are now living because of the Wales IYDP project!

The Advisory Committee for Development Education and Information

The Committee covered the following during the 1981-82 session: Primary, Secondary and Tertiary Education; the Brandt Report - Conferences and follow-up; Initial Training and Teachers In-Service Training; World Food Day; S4C and Overseas Development Programmes; the Wrexham-Maelor Local Authority Initiative by the NE Wales Institute for Higher Education; Development Education and the Government.

Members include: Mr John Beale, Director of Education, West Glamorgan County Council; Miss Ann Davies, Secretary, Wales Young Farmers' Clubs; Mrs Alison Heard, Assistant Secretary, CEWC-Cymru; Mr. Elfed Jones, Oxfam; Dame Margaret Miles, formerly Chairman ACDE; Rev Meirion Roberts, Council of Churches for Wales; County Councillor R E Roberts, WJEC; Mr Eirwyn Thomas, HM Inspectorate, Welsh Office; Rev Wyn Vittle, Christian Aid; Mr Gareth Wheatley, North E Wales Institute of Higher Education. The Chairman is Dr Glyn O Phillips, Principal, North E Wales Institute of Higher Education and the Chairman of CEWC-Cymru. The Secretary is the Director of the Welsh Centre.

Special Papers

In 1982 the Welsh Centre published Special Paper No 9, "The Fiasco of Detente and its Lessons", by its Research Consultant, Goronwy J. Jones.

The paper attempts to show that the breakdown in the progress of East-West detente can be mainly attributed to (i) the shortcomings of superpower behaviour towards conflicts outside Europe, (ii) policies of ideological confrontation on both sides.

The conclusion is reached that progress towards detente depends on the observance of a code of conduct which recognises realistically the need for the NATO and Warsaw Pact powers not to interfere in any way in the domestic affairs of each other, and requires them to help the UN Security Council to play a more effective role in the settlement of Third World conflicts to prevent any state from exploiting such conflicts for unilateral advantage.

Contract with UNESCO

The Welsh Centre renewed in 1981 a contract with UNESCO to associate UNESCO with the Centre's Conferences on issues of particular importance to UNESCO such as world peace and development.

This is the latest in the growing series of links the Centre has established with international organisations in the eight years of its existence, including the UN, the World Bank, UNICEF, the Commonwealth Secretariat, the EEC and the European Court and Commission of Human Rights.

The United Kingdom Freedom From Hunger Campaign

The Committee, administered from the Welsh Centre, is supporting four main projects; two in India, one with the Bihar State Dairy Corporation, to set up a dairy in Muzaffarpur (£317,000), which was inaugurated on 12 March 1982 and the other a cattle improvement scheme with the Pradesh Dairy Co-operative Federation, Uttar Pradesh (£118,000); one in Malawi to develop a Nutrition Training Unit at Bunda

College, which was completed in 1982 (£87,000); and water-drilling with Family Farms, Zambia (£51,000).

Mr Malcolm Pill, Q.C., the Chairman of the Committee, visited the Indian projects in February together with Mr Ernest Mann, the Director of the Commonwealth Dairy Bureau, a member of and consultant to the Committee.

The Committee has plans to develop its educational work.

Reports of Organisations Represented on the Co-Ordinating Committee

The Organisations represented on the Co-ordinating Committee have made important contributions to the activities of the Welsh Centre, but it has not been felt necessary to refer to them specifically in each case. Mention should also be made of the Special Delegate Conference on "Arms Control and Disarmament" at the Temple of Peace on 20 February, which among other things supported the Final Document of the First UN Special Session on Disarmament in 1978, expressed the hope for a positive Second Special Session in 1982 and urged support from HMG for the UN's role in the settlement of disputes.

Constituency Plan. With the appointment of Mr Tony Cheney as the UNA Development Officer under a MSC scheme, plans to establish groups based on Parliamentary constituencies were put into operation.

Womens Advisory Council. The Council held its usual quarterly meetings. Annual National Residential Sixth Form Conference. The Sixth Form Conference, held at Coleg Harlech, Gwynedd, from 29 March - 2 April, was the main event of the year. It was a very successful Conference. Over 70 Sixth Formers from all parts of Wales attended. The theme chosen was that of 'Wales, Europe and the World', looking at the EEC in relation to national and international development issues. The Conference was made possible by a grant of £1,000 by the Commission of European Communities, London and considerable assistance was given by the Wales EEC office.

Notable presentations were made by Mr Aneurin Rhys Hughes, Chef du Cabinet to Ivor Richard, Professor John Garnett, University College, Aberystwyth, Dr Peter Dixon, EEC, London, Mr Rhodri Morgan, EEC, Wales and Mr Gareth Wheatley, N E Wales Institute of Higher Education. Further interesting contributions were given by Dr Tony Hopkin, University College, Cardiff, representatives of Third World First, Friends of the Earth, the Campaign Against the Arms Trade, and Voluntary Community Service, Cardiff.

The evaluative comments made by the participants were most encouraging and all appreciated the opportunity to discover more about the world and to meet fellow students from all over Wales.

Curriculum Development in Development Education - Mode II 'AO' Level Syllabus on Development Education. The most significant achievement of the year was the acceptance of the syllabus on World Development Education by the Welsh Joint Education Committee. Passed on 4 May, the syllabus can now be taken by schools, from September 1982. Already, some fifteen schools have expressed keen interest and the year 82/83 will be seen as a pilot year for testing the course and encouraging further schools to take it up from September 1983.

An 'AO' Level (Alternative Ordinary Level), taken at 16+ is generally intended for lower sixth form pupils or equivalent College classes to study for one year, looking at the interdependence of our global society. There are two main sections, the Search for Wealth and Changing Societies.

A course bibliography has been prepared by Mrs Heard and the Resource Centre in the Temple of Peace is providing back-up facilities.

This course is the first of its kind to be introduced in the United Kingdom, and the CEWC initiative has the full support of all the major development organisations in Wales. Further resource centres are being set up, particularly at the N E Wales Institute of Higher Education and in the longer term at Bangor and Swansea.

Primary Teachers Conferences on Development Education. The 'AO' Level has established Development as a part of the formal sector of education and in conjunction with this effort, it is hoped to interest Primary School teachers in this area of the curriculum.

On 11 November an all-Wales Conference will take place. The Conference is being supported by the Standing Conference on Education for International Understanding. The programme will focus on practical teaching methods, looking

particularly at the Schools Council World Studies 8 - 13 Project.

The Assistant Secretary co-ordinated a Conference Programme for the sixth form. Films, talks and activities were presented to the 200 pupils. The Exhibition attracted widespread publicity and involved not only all the participating pupils, but also local and national development organisations.

Sallie Davies Memorial Competition. This was run in association with the Annual Conference at Harlech. The participants were asked to design poster portraying one of the themes of the Conference. Next year's Competition will be run in conjunction with the WCIA Award Scheme in aid of UNICEF, when individuals will be asked to produce a creative design promoting UNICEF in schools in Wales.

We were all saddened by the deaths of Dr. Illtyd David (Swansea) in February; Mr. Eryl Davies (Cardiff) and Mr. Myrddyn Morris (formerly of Swansea) in June.
