Dear Mother

I am very sorry to have kept you so long without letting you know how I am getting on. I feel all right in myself but my arm is progressing very slowly. I expect I shall be a very long time before I am able to get out of bed. I received your packet & also had one today but it was all smashed up & the flowers were all squashed.

Hope you are all well & with best love to all.

P.P. Please send Jack me some stamps in your next letter.
