

£4,000 BOOST FOR NEW SHOP

Only 20 days after setting up newsagent's shop in Granby Street, Littleport, Mr Bob Winters was able to give it a useful injection of capital . . . the £4,337.11 he won on a football pool.

Mr Winters, of 17 Parsons Lane, Littleport, who is married with five children, has been doing the Tenovus Cancer League pools for 2 years, but has never checked his coupon.

"I was out on my rounds and knew nothing about the win until the agent told my wife," That was after the April 21st games, and on Monday area manager for the Cancer Research Tenovus League, Mr Heinz Miller, of Doddington, presented him with his cheque.

"I only set up the business on April 1st, so I think the money will all be ploughed back," he said.

Cancer research and spastics pools are the only ones Mr Winters would do, he said. "If they can get the money they need to save lives this way it is a wonderful idea and worth supporting."
