

BOROUGH OF COWBRIDGE.

TUESDAY, SEPTEMBER 6th, 1910.

Presentation to the Corporation of a New Steam Fire Engine,

(capacity 300 gallons per minute),

with appliances Supplied by Messrs. Shand Mason & Co., London, and

STARTING OF THE ENGINE

BY

MRS. EBSWORTH, Llandough Castle.

PROGRAMME.

3 P.M.

The Mayor (Councillor D. Tilley, C.O.) will ask the Town Clerk to read the Names of the Subscribers.

Mrs. Ebsworth on behalf of the Subscribers will present the Fire Engine and Appliances to the Corporation.

The Mayor on behalf of the Corporation will accept the Engine and Appliances, and Propose a Vote of Thanks to the Subscribers.

The Deputy Mayor (Councillor D. Thomas) will Second.

The Right Hon. Lord Ninian Crichton Stuart will return thanks on behalf of the Subscribers.

Alderman W. A. James (Chairman of the Fire Brigade Committee) will propose a vote of thanks to Mrs. Ebsworth for being present to start the New Steam Fire Engine.

Alderman Edward John (Vice-Chairman) will Second.

Master Charles Thomas Edmondson will light the Engine Fire.

The Right Hon. Lord Ninian Crichton Stuart will attach the first length of Hose.

Mrs. Ebsworth will then start the Engine.

Demonstrations at the River, and afterwards at long distances from the River; of the Capacity and power of the Engine.

4 P.M. Tea at Town Hall to Mayor's Guests.
